The Spatial And Temporal Dynamics Of Host-parasitoid Interactions

Frago, E. 2016: Interactions between parasitoids and higher order natural predators. Hassell, M. P. 2000: The spatial and temporal dynamics of host—parasitoid interactions. There is a coupling of the four species through parasitism of both hosts by one of . the spatio-temporal dynamics of multi-species host-parasitoid interactions: The Spatial and Temporal Dynamics of Host-Parasitoid Interactions This text examines advances in our understanding of the population dynamics of interactions between insect parasitoids and their hosts. Topics addressed The Spatial and Temporal Dynamics of Host-Parasitoid Interactions . Host-parasitoid spatial dynamics in heterogeneous landscapes . and on the landscape geometry, five classes of spatio-temporal dynamics can be objectively distinguished: spatial interactions of well mixed and spatially homogeneous.
